ALPINE RESEARCH CENTER

Oltre 30 anni di passione ed esperienza

a contatto diretto con i tecnici delle aziende e delle federazioni nazionali sono a Vostra disposizione per ottenere il meglio da sci e snowboards. Elevata qualità ed affidabilità sono le caratteristiche dei prodotti che abbiamo selezionato e realizzato per Voi.

Benvenuti in ARC

Over 30 years of passion and experience

in direct contact with the technicians of industry and national federations are at Your disposal to get the best from skis and snowboards. High quality and reliability are the details of the products we have selected and created for You.

Welcome in ARC

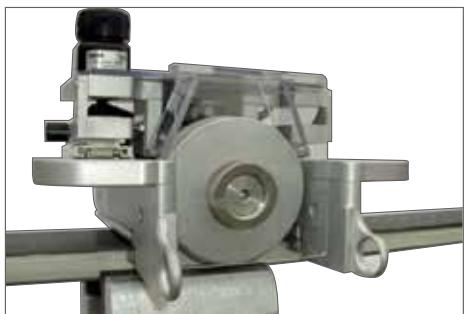

ARAFL

AF.1

Affilatore elettrico professionale per la base ed il fianco della lamina con regolazione micrometrica in decimi di grado da 0° a 3° e da 90° a 85°. Viene fornito con mola diamantata a doppia tazza B46/T25, adattatore per aspirazione, alimentatore elettrico AC/DC 240-110V/12V e contenitore per il trasporto. Consigliato per skimen professionisti.

Professional base and side edge electric sharpener in alu/steel with regulation in tenth grade from 0° to 3° and 90° to 85°. Supplied with a double diamond cup B46/T25, dedicated air intake support, power transformer AC/DC 240-110V/12V and transport case. For professional Skimen.

ARAFL

AF.L

Affilatore elettrico professionale per il fianco della lamina con regolazione micrometrica in decimi di grado da 90° a 85°. Viene fornito con mola diamantata a tazza B40, adattatore per aspirazione, alimentatore elettrico AC/DC 240-110V/12V e contenitore per il trasporto. Consigliato per skimen professionisti.

Professional side edge electric sharpener in alu/steel with regulation in tenth grade from 90° to 85°. Supplied with diamond cup B40, dedicated air intake support, power transformer AC/DC 240-110V/12V and transport case. For professional Skimen.

ARAFC

AF.C

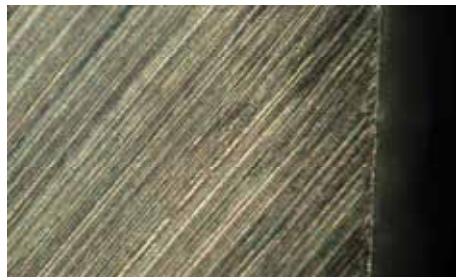

Affilatore elettrico professionale compatto per il fianco della lamina con regolazione da 90° a 86° inclusi mezzi gradi. Viene fornito con mola diamantata a tazza B40, adattatore per aspirazione, alimentatore elettrico AC/DC 240-110V/12V e contenitore per il trasporto. Consigliato per sci club e skimen professionisti.

Professional compact side edge electric sharpener in alu/steel with regulation of half° from 90° to 85°. Supplied with diamond cup B40, dedicated air intake support, power transformer AC/DC 240-110V/12V and transport case. For ski club and professional Skimen.

FIANCO LAMINA AL MICROSCOPIO SIDE EDGE UNDER THE MICROSCOPE

con lima racing / with a racing file - Ra=0.90

con mola B40 / with B40 stone - Ra=0.22

con mola B30 / with B30 stone - Ra=0.13

ARAFR AF.R - RHOMBUS

Affilatore elettrico compatto per il fianco della lamina con regolazione da 90° a 85° inclusi mezzi gradi. Viene fornito con mola diamantata a tazza B46, adattatore per aspirazione, alimentatore elettrico AC/DC 240-110V/12V e contenitore per il trasporto. Consigliato sci

Compact side edge electric sharpener - RHOMBUS in plastic/steel with regulation of half° from 90° to 85°. Supplied with diamond disk B46, dedicated air intake support, power transformer AC/DC 240-110V/12V and transport case. For ski club.

ARAFT AF.T

Affilatore elettrico professionale per la base della lamina con regolazione micrometrica in decimi di grado da 0° a 3°. Viene fornito con mola diamantata a tazza T25, adattatore per aspirazione, alimentatore elettrico AC/DC 240-110V/12V e contenitore per il trasporto.

Professional base edge electric sharpener in alu/steel with regulation in tenth grade from 0° to 3°. Supplied with diamond cap T25, dedicated air intake support, power transformer AC/DC 240-110V/12V and transport case. For professional skimen.

Gli affilatori Snow Glide Tools evitano completamente il problema dell'affilatura ad incremento meccanico a passo fisso.
Snow Glide Tools sharpeners completely avoid the problem of the mechanical increment with fixed pitch.

PRIMO CASO / FIRST CASE

SECONDO CASO / SECOND CASE

ARPOF PUSH-OFF

Togli-fenolo professionale con lama tonda e piana.
Professional sidewall sharp with round and plane blade.

ARAM1 AM.1

Misuratore professionale dell'angolo laterale della lamina da 90° a 84° e dell'angolo di base da 0° a 2° con supporto dedicato.
Professional side and base edge gauge from 90° to 84° and from 0° to 2° with dedicated support.

ARAML AM.L

Misuratore professionale dell'angolo laterale della lamina da 90° a 84°.
Professional side edge gauge from 90° to 84°.

Mole a tazza diamantata AF.1 - AFL - AFC - AFT Diamond grinding cups for AF.1 - AFL - AFC - AFT

ARD4625 Doppia tazza B46/T25 per affilatura base e fianco lamina (AF.1)
Double cup B46/T25 for side & base edge tuning (AF.1)

ART25 T25 per affilatura base lamina (grana fine) (AF.1)
T25 for base edge tuning (fine grain) (AF.1)

ARL91 B91 per affilatura fianco lamina (grana grossa - world cup SL)
B91 for side edge tuning (coarse grain - world cup SL)

ARL40 B40 per affilatura fianco lamina (grana media - world cup GS)
B40 for side edge tuning (med grain - world cup GS)

ARL30 B30 per affilatura fianco lamina (grana fine - world cup SG-DH)
B30 for side edge tuning (fine grain - world cup SG-DH)

Mola a tazza in corindone AF.1 - AFL - AFC Corundum grinding cup for AF.1 - AFL - AFC

ARLCR Mola per sgrossatura fianco lamina (grana grossa)
Corundum for side edge pre-grinding (super-coarse grain)

Dischi diamantati per AF.R Diamond grinding disk for AF.R

ARRL91 B91 per affilatura fianco lamina (grana grossa - racing)
B91 side edge tuning (coarse grain - racing)

ARRL46 B46 per affilatura fianco lamina (grana media - racing)
B46 side edge tuning (med grain - racing)

Alimentatore / Power transformers

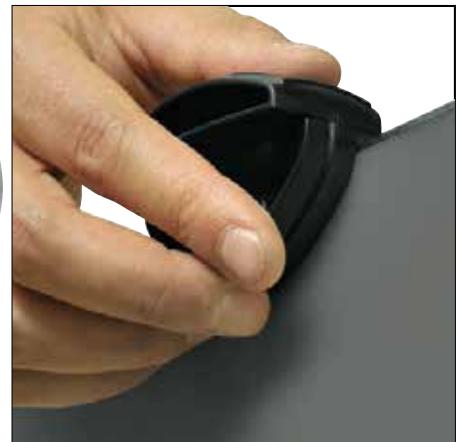

ARALIM Alimentatore elettrico AC/DC 100-240V/12V per AF.1 - AFL - AFC - AFT
Electric transformer AC/DC 100-240V/12V for AF.1 - AFL - AFC - AFT
